Vinification After careful hand harvesting at the end of October, natural fermentation in 500l Hungarian oak barrels.

Maturation 10 months in used 500l oak barrel, then another 24 months in airtight maturation tank.

Tasting note The dominant grape variety of North Balaton is also the raw material of great wines in Somló. In addition to its significant alcohol, it is characterized by a rich aroma of ripe white fruits and apricots, concentrated aromas of nuts, walnuts and almonds, and the indispensable salinity. Recommended for adults only!

Available since November, 2020
